

The Connecticut College Parent & Family Leadership Council

GIVE LEAD SERVE

The mission of the Connecticut College Parent and Family Leadership Council (PFLC) is to facilitate strong philanthropic support from our parent and family community; to provide a parent and family perspective on college affairs to administrators and staff; and to help foster a warm and welcoming environment for all Conn families.

PFLC members seek to deepen their connection to the Conn College community and other parents through philanthropy and involvement, making an immediate and long-term impact on the student experience. Building on Conn's culture of philanthropy, PFLC members are charged with motivating volunteers and encouraging broad parent engagement by supporting the College.
